NATIONAL RALLY TRAVEL SUBSIDY **2021 - 2024**

Here are the guidelines for the National Rally Travel Subsidy as set out and agreed by the National Committee to assist members who bring their Ferrari long distance to National Rallies.

The subsidy is for members who drive or transport their Ferrari to a National Rally. It is available for one Ferrari only per member.

It is for participants who live in a city/locality which is 1,800 km or more from where the Rally starts. The subsidy is calculated at 80 cents per km, calculation begins after the first 1,500 km covered.

It is paid from the Ferrari Club Australia general account (not from the Rally account). The Rally Director is to submit the recipients names and subsidy amounts to the National Treasurer and Executive Committee for checking and payment. The distances and subsidy between Capital cities, agreed by the National Committee are:

	Distance	Calculating Distance (-1500)	Amount
Perth-Adelaide	2710 km	1210 km	\$968
Perth-Melbourne	3450	1950	\$1,560
Perth-Canberra	3740	2240	\$1,792
Perth-Sydney	3970	2470	\$1,976
Perth- Brisbane	4290	2790	\$2,232
Adelaide-Brisbane	2050	550	\$440

Adjustments are to be made where the recipient's city/locality is more than 100 km from the capital city and where the Rally's starting location is more than 100km from the capital city.

History

Original rate	\$0.40 per klm
23/12/2012	\$0.60 per klm
03/02/2016	\$0.80 per klm
